

## USPS

This month I interviewed Deb Schimmelpfennig and Mandie Studer from The United States Postal Services. Pam Weiss is another carrier but she works later in the day and delivers to Woden and Wesley. The girls in the office do everything from sorting the mail to customer service. This includes even going out of the way to bring packages right to your door. USPS works with UPS and FED EX not as competitors but as partners. With USPS being a large corporation, you still need to shop local. The more sales Wesley gets the more likely it will be that we will get to keep our small town post office. Even shopping online will help our office. The office is open Monday to Friday from 7:45-11:45 AM and Saturday from 7:45-10:15 AM.

Deb has been with USPS for 27 years and does the delivery to the mail boxes and rural routes over 260 stops per day. She says she loves to be in and out of the office. Deb is also a mobile post office, she can deliver your stamps right to your mailbox. Not only does Deb work at USPS full time she is also City Clerk of Woden, IA.

Mandie has been with USPS for 10 years now. She does everything in the office such as accounting, sorting, computers, safety, time keeping and she has to get all this done in only 4 hours. Her favorite part of working here is that she gets to be the welcoming committee of Wesley. She gets to help the new comers set up their mail boxes and lets them know what's going on around town. Mandie is also a volunteer for non-profit organization Just Pay It Forward Always, has a Thirty-One business and is also an ambassador at the Algona Chamber of Commerce.

USPS would like you to know how grateful they are that you buy your stamps and ship your packages at the Wesley post office. If you have any questions about shipping you can always stop into the post office to have the girls help you out! Don't forget to stop in and check out their new breast cancer stamps!
